Destiny
the Farm, Resort

Destiny is a celebration of the human spirit, and good food is at the heart of it all. Over centuries, the mere act of sharing one's lunch or dinner with a stranger or friend has brought together cultures, races and nations. Captain Cook went in search of the elusive spices and found America. Buffalo Bill brokered peace with Chief Sitting Bull over a loaf of bread. And here you are! At Wishbone, we bring that celebration to life. Much of the vegetables and produce are from our own farms, including this one.

Enjoy the journey.

For Jain dietary options, kindly consult the waiter for available choices.
